

## CITY OF LODI

## COUNCIL COMMUNICATION

**AGENDA TITLE:** Specifications and Advertisement for Bids for Four-Wheel Drive Pickup Truck for Water/Wastewater Division

**MEETING DATE:** September 20, 1995

**PREPARED BY:** Public Works Director

**RECOMMENDED ACTION:** That the City Council approve the specifications for the above project and authorize advertising for bids.

**BACKGROUND INFORMATION:** Funds to purchase a Half-Ton Four-Wheel Drive pickup for the White Slough Water Pollution Control Facility of the Public Works Department were approved for 1995-96. Unit #04-003, a 1979 Ford Half-Ton pickup, was purchased in 1979 for \$2,200. It has an odometer reading of 83,684 miles, has accumulated more than \$13,145 in repair costs, endured an average 100 hours/year down time, and reached full depreciation in 1985. Staff uses this pickup while taking delta water samples and performing various repairs. This vehicle is required to travel in harsh working environments. Upgrading this unit to a Four-Wheel Drive will allow better traction in harsh conditions. This will reduce safety hazards to employees by helping to prevent accidents.
